Flexible interest-free floorplan financing programs
## for Baumalight dealers

Gain a competitive advantage and sell more product with DLL

Baumalight and DLL Canada have partnered to provide flexible floorplan solutions allowing dealers to stock inventory, sell quicker and grow the business. With DLL, you can put all Baumalight equipment and attachment purchases on one line of credit and match repayment to the sale of goods, improving cash flow and simplifying payment management.

DLL is a wholly owned subsidiary of the Rabobank Group and has over 50 years of experience on the manufacturing, distributor, and dealer sides of the business. As partners, we're committed to not only providing relevant financing solutions, but also building long-term relationships.

In addition to floorplan finance, DLL is pleased to offer dealers total financing solutions, including retail and end-user leasing programs.

How it works

Benefits to you

- **Higher credit line** and increased purchasing power
- **Extended payment terms** to match the sale of goods
- **Improved cash flow** management
- **Ability to sell more product** with total inventory and retail finance
- **Dedicated credit line** with reduced credit exposure
- **Preserve existing bank lines** for other strategic initiatives
- **Faster** customer delivery

How to apply
Contact Surjeet Soor at **surjeet.soor@dllgroup.com** to request a credit application.
